MAINE SCHOOL ADMINISTRATIVE DISTRICT #53 Burnham – Detroit – Pittsfield

Negotiations Goals

The MSAD #53 Board of Directors recognizes that education is a public trust. It also believes that the best interests of public education will be served by establishing procedures to provide an orderly method for the Board and representatives of the staff Collective Bargaining Units to discuss matters of common concern.

It is recognized that nothing in negotiations shall compromise the Board's legal responsibilities nor will any employee's rights and privileges under state statutes be impaired.
